Donate online

Sahir House needs your support to ensure we continue helping people living with HIV. Whilst our office remain closed, it is more important than ever that we are able to support isolated service users. Your donation could provide a sim card so they can access support via a phone call; provide wellbeing activities or counselling to improve mental health. Your contribution makes a positive difference in alleviating crisis and hardship for people living with HIV. To make a positive difference for people living with HIV donate here <https://sahir.org.uk/donate>, thank you.
